The College of New Jersey Board of Trustees Resolution
Approving an Amended Policy Framework

July 9, 2013
INTRODUCTION

The purpose of this policy is to define a policy framework for The College of New Jersey.

The TCNJ Governance Structure and Processes (the “Governance Policy”) has been approved by the Board of Trustees. The Governance Policy allows designated stakeholder groups to work cooperatively to assist the administration in identifying areas of operation that are in need of new or revised policy or procedures, to recommend to the administration appropriate policies and procedures and participate in the development of those policies and procedures, and to make recommendations to the administration on issues related to policy in support of the mission of the College.

DEFINITIONS

1. Board of Trustees Policies - Board of Trustees Policies are issued by the Board in accordance with applicable New Jersey law and the Bylaws of the Board. They include policies that relate to the organization, administration, and development of the College as a whole and overarching rules,
regulations and orders issued by the Board that are necessary and proper for the administration and operation of the College. They establish fundamental principles as a basis and guide for mandating or constraining action by College administrators, employees, students, and other members of the College community.

2. College Operating Policies - College Operating Policies are issued by the President for the executive management and conduct of the College in all Units and for the execution and enforcement of the Bylaws, rules, regulations and orders governing the management, conduct and administration of the College in accordance with applicable law and consistent with Board of Trustees Policies and delegations of authority.

3. Interim Policies - Interim Policies may be issued by the Board of Trustees (Interim Board of Trustees Policies), the President (Interim College Operating Policies), or other College officers or administrators (Interim Unit Policies) only in extraordinary situations where a policy must be established in a short time period to meet legal or regulatory requirements, emergency deadlines or in other special circumstances. Generally, an Interim Policy is a policy concerning subject matter that would, prior to issuance, normally require the regular process of policy development and review pursuant to the Governance Policy (the “Governance Review Process”) that is issued prior to the completion of the Governance Review Process. The General Counsel shall notify the Steering Committee of any proposed Board of Trustees Policy or College Operating Policy whose subject matter would not in the determination of the responsible unit require the Governance Review Process. In the event that the Steering Committee believes to the contrary that the subject matter of that proposed policy would require the Governance Review Process, the Steering Committee may recommend to the cognizant Cabinet Officer that such proposed policy be issued as an Interim Policy to allow for consideration of the policy through the Governance Review Process in a thoughtful and deliberate manner; provided, however, that the issuance as an Interim Policy sets no precedence with respect to the requirement for the Governance Review Process for that subject matter.

4. Units - Units are formally recognized portions of the College that may include: schools, departments, divisions, offices, centers, divisions, programs, or other administrative units at the College.

5. Unit Policies - Unit Policies generally do not have the broad scope or significant impact of College Operating Policies, but instead may apply to only a single or several units and are established by or for that or those units.

POLICY

I. Policy Development and Issuance

A. The College of New Jersey Board of Trustees issues Board of Trustees Policies in accordance with the Bylaws and applicable law.

B. The Board delegates to the President the authority to issue College Operating Policies. College Operating Policies are needed to manage the College and its various units in accordance with applicable state and federal law and reasonable administrative practice, and consistent with Board of Trustees Policies and delegations of authority from the Board of Trustees. Occasionally, because of Board of Trustees expressed interest or because the administration notes the implications of a particular policy, a College Operating Policy will be brought to the Board of Trustees as an information item.
C. The President delegates the development of Unit Policies to College officers or administrators who oversee units of the College. Unit Policies generally do not have the broad scope or significant impact of College Operating Policies, but instead apply to only a single or several units and are established by that or those units.

D. Interim Policies may be issued by the Board of Trustees, the President, or other College officers or authorized administrators only in extraordinary situations where a policy must be established in a short time period to meet emergency deadlines or in other special circumstances. Special situations where this is likely may include a change in federal or state law, or a major institutional risk. When an Interim Policy is issued the responsible unit shall provide a copy to the Office of the General Counsel, which shall include it in the On-line Policy Manual and deliver a copy to the Steering Committee. Upon receiving notice of any Interim Policy, the Steering Committee will notify campus stakeholders and initiate the Governance Review Process and endeavor to make any recommendations for modifying the terms of the Interim Policy within two academic years after the issuance of the Interim Policy. An Interim Policy may remain in force until the earlier of the end of the second academic year subsequent to the date of issuance (the “Interim Expiration Date”), or until it is replaced by an approved Policy or revoked as no longer necessary. If with due consideration to the respective Governance Review Process an approved policy that replaces the Interim Policy is not issued and the Interim Policy is not revoked or otherwise altered prior to the Interim Expiration Date, the Interim Policy shall take effect as a Board of Trustees Policy, College Operating Policy, or Unit Policy, as appropriate, with the term “Interim” no longer appearing in the title to the policy; provided, however, that to the extent that the Governance Review Process cannot be completed by the Interim Expiration Date because of an extraordinary, unanticipated delay, the Interim Expiration Date may be extended by mutual agreement of the Steering Committee and the cognizant Cabinet officer. For the sake of clarity, the conversion from interim status to a Board of Trustees Policy, College Operating Policy, or Unit Policy in no way forecloses the opportunity for members of the campus community to later bring an issue of concern about that policy to the Steering Committee or other appropriate representative body for possible review through the Governance Review Process.

E. Procedures are occasionally incorporated in policies when the procedures help define the nature of the policy. More often, procedures, rules, protocols, directives and guidelines regarding policies need to be part of the implementation process and are developed and refined by College officers and administrators.

II. Areas of Responsibility

A. The President may designate an appropriate College officer or administrator to implement and to be responsible for overseeing compliance with a particular approved policy. Key administrators are responsible for identifying areas of operation within their units that are in need of new or revised policy or procedures; for recommending appropriate policies and procedures; for participating in the development of those policies and procedures; and for assuring adherence to approved policies and procedures within their areas of organizational responsibility. In addition, each is responsible for the proper dissemination of all pertinent policy information to those affected in his or her area.

B. Employees and students are responsible for knowing, understanding, and complying with policies that relate to their employment or enrollment at the College.
C. Unless otherwise specified by law, regulation, or best practice, each approved policy should generally be reviewed not less than every five (5) years, provided, however, that noncompletion of such review within that period shall not invalidate an existing policy.

D. Overall responsibility for the maintenance and organization of policies is assigned to the Office of General Counsel. The Office of General Counsel serves as a resource for policy developers and issuers during policy development and review, and then assists in the monitoring of policies for compliance and effectiveness. The General Counsel is authorized to make non-substantive edits and substantive updates to Board of Trustees Policies that are non-discretionary mandatory changes to comply with state or federal law. All such updates shall be reported to the Board and to the Steering Committee as information items. Nonsubstantive edits include but are not limited to updating titles or names that may have changed; correcting grammar, punctuation and typographical errors; editing for language consistency and format; and changing monetary rates that are the result of federal or state regulatory changes (e.g., mileage rate reimbursement).

E. Members of the College community should report immediately any discrepancies, inconsistencies or conflicts between policies to the responsible unit(s) for the policies. The responsible unit(s) should then confer with the Office of General Counsel. Approved policies of a later date shall take precedence over policies of a similar category bearing an earlier date. Policies are meant to be read as consistent with each other and any apparent conflict or inconsistencies should be considered and removed to the extent that is reasonable and practical. For example, wherever possible, obligations of students should be treated as complementary and cumulative rather than alternative. In the event any such conflicts cannot be so removed, the provisions of the policies will be controlling in accordance with the below listed order of precedence:

1. Board of Trustees Policies, including the exhibits thereto
2. College Operating Policies
3. Unit Policies

III. Nothing in this policy limits or circumscribes in any way the power and authority of the Board of Trustees or the President to issue, amend, or revoke policies on any matter, with or without notice, as circumstances or the good of the College may require.

IV. Nothing in this policy modifies in any way the TCNJ shared governance process which allows designated stakeholder groups to work cooperatively to make recommendations to the administration on issues related to policy in support of the mission of the College.

The College of New Jersey  
Graduate Student Conduct Code

I. INTRODUCTION

As responsible members of the community, students at The College of New Jersey are expected to maintain the highest ideals of academic, social, and professional conduct and are expected to abide by the College’s policies and standards. Students are also expected to know and abide by local, state, and federal law.

The College’s graduate programs prepare students to assume positions of responsibility and leadership within their communities and professions. Many of the departments and programs require supervised off-campus clinical experience in which students are expected to conduct themselves as professionals-in-training. These programs represent professions that adhere to established standards of behavior and ethics which are set forth for each discipline through the accrediting bodies. Graduate students at the College are expected to adhere to those standards. Behavior in violation of ethical or professional standards of the field and/or the College’s graduate programs constitutes grounds for disciplinary action, up to and including dismissal from the program.

III. POLICY

A. Authority

Authority for student conduct ultimately rests with the President and the Board of Trustees. For purposes of this policy, the President delegates this authority to the Vice President for Student Affairs.

The Vice President for Student Affairs may delegate this authority to the Dean of Students and/or Director of Student Conduct, under whose direction other administrators may be responsible for implementing the student conduct process. The Vice President for Student Affairs has authority to appoint other administrators as hearing officers. Any reference in this interim policy to the role or responsibilities of a specific College official may be delegated by him or her to an appropriate designee.

The College Graduate Student Conduct Code shall apply to student conduct that occurs on College premises, at College-sponsored activities, and off campus. The Director of Student Conduct has discretion to determine what off-campus conduct will be addressed by the student conduct process. A non-exclusive list of factors that may be considered include whether the incident is documented by a verifiable source, adversely affects the College community, occurs at a College affiliated event, or endangers the health or safety of the student or others.
Each student shall be responsible for his or her conduct from the time of enrollment in courses or matriculation in a graduate degree or post baccalaureate or post master’s certificate program, through the actual awarding of a degree or certificate or cessation of graduate academic coursework. The College has discretion to address conduct that occurs when classes are not in session if a student is registered for courses for a semester, but classes are not yet in session.

B. Interpretation and Amendments

Any questions of interpretation or application of the Graduate Student Conduct Code shall be referred to the Director of Student Conduct for final determination.

The Graduate Student Conduct Code will be reviewed in its entirety every two years. Any time prior to the next biennial review of the Graduate Student Conduct Code, a recognized constituency or the Dean of Students may request a review of the Graduate Student Conduct Code by submitting a written request to the Vice President for Student Affairs.

Any substantive changes will be reviewed in accordance with applicable governance policy and procedures.

C. Graduate Students’ Rights and Responsibilities

Students at the College have the same rights and protections under the Constitutions of the United States and the State of New Jersey as other citizens. These rights include freedom of expression, press, religion, and assembly. The College has a tradition of student activism and values freedom of expression, which includes voicing unpopular views and dissent. As members of the College community, students have the right to express their own views, but must also take responsibility for respecting the same right of others.

Students have the right to be treated fairly and with dignity regardless of race, creed, color, national origin, nationality, ancestry, age, sex/gender (including pregnancy), marital status, civil union status, domestic partnership status, familial status, religion, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for service in the Armed Forces of the United States, or disability, and as revised in the Policy Prohibiting Discrimination in the Workplace/Educational Environment [link]. The College has a strong commitment to pluralistic education. Accordingly, the College will not unlawfully discriminate on the basis of protected group status.

Students have the right to have access to the College policies that affect them. The College is committed to providing students with a balanced and fair system of accountability and dispute resolution. Accordingly, students will be provided appropriate procedural standards that are administrative in nature and should not be equated with procedures used in civil or criminal court.

Students’ rights also include those outlined in Student Rights and Freedoms [link] and other published College policies. Violation of College policy, including but not limited
to the Graduate Student Conduct Code, may result in forfeiture of such rights when necessary to preserve the safety of the College community or to achieve the orderly execution of the educational mission of the College.

Along with rights come certain responsibilities. Students at the College are expected to act consistently with the values of the College community to preserve a safe and vibrant environment that encourages scholarship and personal growth.

The College values the individual contribution of every member of the community and expects students to:

- Engage in responsible social conduct that reflects credit upon the College community both on and off campus, and is consistent with a safe and healthy environment;
- Respect the rights of others to pursue an exceptional education free from harassment, bullying, defamation, and discrimination;

- Conduct oneself professionally and with civility in all pursuits of knowledge in and outside the classroom;
- Be responsible and held accountable for one's decisions and actions, and the impact on self and others; and
- Be fully acquainted and comply with the College's published policies and procedures and local, state, and federal law.

D. Violations of Expectations for Student Conduct
The following is a non-exhaustive list of conduct that does not meet The College’s expectations for student conduct. Such misconduct is a violation of the Graduate Student Conduct Code and may result in disciplinary sanctions. Other conduct not found in this code may still be deemed unacceptable and may be addressed by the College.

1. Law and Policy Compliance
   a. Violation of any College policy, rule, or regulation published in hard copy or available electronically on the College website.
   b. Violation of any federal, state or local law. (See Appendix A and B for non-exhaustive lists of selected state statutes and township ordinances and Appendix C for an excerpt of the State of New Jersey “Anti-Bullying Bill of Rights Act.”)
   c. Failure to meet financial obligations with respect to College funds, or conducting any financial transaction unlawfully or unethically.
   d. Violation of College policies and regulations governing the possession or use of automobiles or other motor vehicles on campus, or violation of parking regulations published by the College.

2. Personal Integrity
   a. Falsifying, or being party to the falsification, of any official College identification card, record, or document.
   b. Possession, use, manufacture, or sale of a falsified identification card, document, or record.

3. Personal Abuse
   a. Sexual Harassment
      i. Conduct of a sexual nature or based on gender or sexuality that is severe or pervasive enough to create an intimidating, abusive, or hostile campus, educational, or working environment as defined by a reasonable person under similar circumstances. This may include unwanted, unwelcome, or inappropriate sexual or gender-based activities, or comments.
      ii. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made a condition of the conferral of any benefit, or rejection of such advance, request, or conduct implies that a person will suffer adverse consequences from a student in an express or implied position of authority.
      iii. Sexual harassment is a violation of Title IX of the Education Amendments of 1972, and Title VII of the Civil Rights Act of 1964 (as amended in 1991), as well as The Policy Prohibiting Discrimination in the Workplace/Educational Environment [link] (which applies to all employees including student employees with respect to conduct that arises out of their employment status).
   b. Obscene or Indecent Behavior
      i. Exposure of one’s sexual organs or the display of sexual behavior or contact that would reasonably be offensive to others or be observed by any other non-consenting persons who would be affronted or alarmed.
      ii. Trespassing, spying, or eavesdropping for sexual arousal.
   c. Physical Sexual Misconduct
      i. Any sexual penetration, however slight, that occurs without the effective consent of a person, or that occurs when a person is unable to give consent. Sexual penetration that occurs without the consent of the person can/may include the use of threats, coercion, or physical force. Sexual penetration that occurs when a person is unable to give consent can/may include those instances where the person is unable to consent due to his or her age, or
because he or she is physically helpless, mentally incapacitated, or intoxicated from alcohol or other drugs.

ii. Any intentional, non-consensual sexual contact with an intimate body part of another, or forcing another to have sexual contact with an intimate body part of oneself or another, with any object or body part, or any disrobing of another without effective consent.

iii. The College’s highest priority is the physical and mental health, safety, and well-being of individual students and the campus community. An element of promoting safety is providing clear, responsible methods of reporting and addressing incidents of sexual misconduct. Therefore, in order to remove potential barriers to reporting sexual misconduct, the Office of the Dean of Students will not charge a student with violating any expectations of student conduct regarding alcohol or other drugs if that student reports such conduct within a complaint of possible sexual misconduct.

iv. Sexual misconduct is a violation of Title IX of the Education Amendments of 1972, and Title VII of the Civil Rights Act of 1964 (as amended), as well as The Policy Prohibiting Discrimination in the Workplace/Educational Environment [link] (which applies to all employees including student employees with respect to conduct that arises out of their employment status).

d. Bullying, Intimidation, and Harassment

i. Engaging in conduct, including any gesture, written, verbal or physical act, or any electronic communication (which includes e-mails, text messages, and Internet postings on web-sites or other social media), whether it be a single incident or series of incidents; that is so severe or pervasive and objectively offensive that it substantially disrupts or interferes with the orderly operation of the College or the rights of any student or other member of the College community; and that:

a. involves intimidation or threats to another person's safety, rights of personal privacy and property, academic pursuits, College employment, or participation in activities sponsored by the College or organizations or groups related to the College; or

b. a reasonable person should know, under the circumstances, will have the effect of insulting or demeaning any person or group; or

c. creates an intimidating or hostile environment by substantially interfering with another student’s education, or by materially impairing the academic pursuits, employment or participation of any person or group in the College community, or by severely or pervasively causing physical or emotional harm to the student or other member of the College community; or

d. a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or other person or damaging the person’s property or placing him or her in reasonable fear of physical or emotional harm to his or her person, or to any member of that person’s family or household, or of damage to his or her property.

ii. Unauthorized display, publication, transmission, or other dissemination (including via the Internet) of explicit or objectively offensive recordings (including but not limited to photographs, video and/or audio) of another person. iv. Unauthorized appropriation and/or use of someone's identifying or personal data or documents.

f. Stalking
   i. Such courses of conduct include but are not limited to alarming conduct, following a specific person or otherwise communicating with a person repeatedly in a manner likely to cause fear for safety, or seriously annoy a reasonable person under similar circumstances.

g. Defamation
   i. Oral or written publication of a false statement of fact that exposes the person about whom it is made to hatred, contempt, or ridicule; subjects that person to loss of the good will and confidence of others; or so harms that person's reputation as to deter others from associating with him or her. This does not include the good faith documentation of a possible policy violation.

h. Physical Abuse
   i. Use of unwelcome force against the person or property of any person or group.
   ii. Any action or statement that imminently threatens significant harm to the health or safety of any person or group.
   iii. Any action, statement, or use of force against a person where a personal, intimate, or special relationship exists (defined by marriage, civil union, dating, family membership, or co-habitation), and would reasonably threaten or intimidate that person.
   iv. Interference with the freedom of another person to move about in a lawful manner by force, threat, intimidation, or other means without effective consent.
   v. Abusive or harassing conduct directed at a person or group because of membership in a protected category may result in an enhanced sanction.

i. Hazing
   i. Any action taken, or situation created that negligently, intentionally, or recklessly subjects any person to the risk of bodily harm, physical discomfort, harassment, emotional or mental degradation, abuse, or interferes with academic activities; or causes or encourages any person to commit an act that would be a violation of law or College regulations for the purpose of initiating, promoting, fostering, or confirming any form of affiliation with a student group or organization. This provision applies to all students regardless of College or Student Government recognition of the student group or organization.
ii. Observation by a member of a student group or organization of any hazing activity as described above without reporting the incident to College authorities.

iii. Aiding or assisting another to engage in any hazing activity as described above.

iv. The expressed or implied consent of a person is not a defense to any hazing activity described above.

4. Property
   a. Unauthorized use or possession, attempted or actual theft, and/or misappropriation of property belonging to others, the College, or the New Jersey Educational Facilities Authority.
   b. Damage, malicious or negligent defacement, or destruction of property belonging to others, the College, or the New Jersey Educational Facilities Authority.
   c. Unauthorized possession, duplication, or use of keys to any College premises; or unauthorized entry into any office, residence hall room, mailbox, or other College facility.
   d. Defacement, damage or destruction of property directed at a person or group because of membership in a protected category may result in an enhanced sanction.

5. Compliance with Directives
   a. Failure to comply with directives issued by an identified College official. A directive may be considered any written or verbal mandate.
   b. Failure to correctly identify oneself at all times and present this information courteously upon request by a College official or law enforcement officer.

   e. Disrupting the campus or off-campus community or engaging in any policy violation while under the influence of a drug, controlled substance, or narcotic.
   f. The College's highest priority is the physical and mental health, safety, and well-being of individual students and the campus community. Therefore, no student seeking medical attention by contacting either College or local authorities for a drug overdose (nor a student who seeks medical attention on behalf of the affected student) will be formally charged under the Student Conduct Code for the unlawful use or possession of a drug. Although this does not relieve any student or organization from responsibility for other policy violations that may have occurred prior to seeking medical attention, the effort to seek help for the affected student may be a mitigating factor in sanctioning. Affected students may be required to complete an evaluation or other education programs, but will not face disciplinary charges or sanctions as prescribed through the student conduct process.
   g. Although New Jersey state law permits the use of medical marijuana within narrowly tailored circumstances, federal laws prohibit marijuana use,
possession, and/or cultivation at educational institutions and on the premises of other recipients of federal funds. The use, possession, or cultivation of marijuana for medical purposes is therefore not allowed on any College property, nor is it allowed at any College-sponsored event or activity off campus.

7. Alcoholic Beverages
   a. Being in possession of, attempting to purchase, purchasing, or consuming alcoholic beverages on or off campus while under the age of 21.
   b. Selling, distributing, or serving alcoholic beverages to a person under the age of 21.
   c. Possession and/or utilization on campus of devices for the rapid, high-risk consumption of alcohol including, but not limited to funnels, beer pong accessories, beer bongs, luges, etc., regardless of age.
   d. Consuming alcoholic beverages or carrying alcohol in open containers in any public area without the receipt of an alcohol permit, regardless of age.
   e. Hosting the underage consumption of alcohol in a social space, residence hall room, common area, or off-campus space that is occupied by, under the control of, or reserved for the use of a student or organization.
   f. Possession of common source containers of alcohol on campus whether empty or full, including but not limited to kegs, punch bowls, etc., regardless of age.
   g. Excessive use of alcohol resulting in a state of intoxication which endangers oneself or others.
   h. Disrupting the campus or off-campus community or engaging in any policy violation while a student is intoxicated.
   i. The College’s highest priority is the physical and mental health, safety, and well-being of individual students and the campus community. Therefore, no student seeking medical attention by contacting either College or local authorities for intoxication (nor a student who seeks medical attention on behalf of the affected student) will be formally charged for the unlawful use or possession of alcohol. Although this does not relieve any student or organization from responsibility for other policy violations that may have occurred prior to seeking medical attention, the effort to seek help for the affected student may be a mitigating factor in sanctioning. Affected students may be required to complete an evaluation or other education programs, but will not face disciplinary charges or sanctions as prescribed through the student conduct process.

8. Weapons and Dangerous Substances
   a. Possession, storage, or carrying of a firearm or other weapon in a residence hall room, on a person, or in a motor vehicle on College premises or at any College-affiliated activity or event.
   b. Possession or use of fireworks, gun powder, explosives or other incendiary devices, or dangerous chemicals, except as authorized for use in class, in connection with College-sponsored research, or for another approved activity and used in the way authorized and approved on College premises or at any College-affiliated activity or event.

9. Fire and Safety

i. Riding of bicycles or skateboards, the throwing, kicking, or bouncing of objects, the use of roller skates or blades, the use of water guns, and any other activity that causes risk to property or personal safety inside a College facility.
j. Presence of any motorized vehicle or machine in buildings with the exception of motorized vehicles used by, or in aid to, persons with disabilities.

10. Computer Misuse
   a. See the Client Computing Usage Policy [link]

11. Disruption/Obstruction

IV. PROCEDURAL STANDARDS FOR GRADUATE STUDENTS

A. Complaint. See also Appendix A for a flow chart of the student conduct process.

1. Filing a complaint. Any member of the College community may file a complaint against a student for possible violations of the Graduate Student Conduct Code, including a representative from the Office of the Dean of Students on behalf of a person outside the College community if the incident has an adverse effect on the College and there is documentation from a verifiable source. A complaint must be prepared in writing and submitted to the Director of Student Conduct. Any complaint should be submitted as soon as possible after the event takes place, preferably within 30 days. However, the Director of Student Conduct has discretion to accept or issue a complaint and issue charges against a graduate student regardless of when the report is submitted if the conduct poses a possible threat to the College community or to individual
members of the College community.

2. Investigation. The Director of Student Conduct or designee will conduct an investigation to determine if the information in the complaint merits charges against a student or students, a formal admonishment, no charges or if the incident can be addressed through an alternate dispute resolution process including mediation.

B. Charge(s). Any charges will be presented to the accused student in writing through the student’s College email address, as the official means of communication at the College. A time shall be set for a conference with the Director of Student Conduct or designee. Maximum time limits may be extended at the discretion of the Director of Student Conduct for unforeseen circumstances.

C. Conference. The accused student will meet with the Director of Student Conduct or designee for a conference to discuss the grounds for any charges, process, and sanctioning practices. The accused student will select whether he or she will participate in a formal or informal conduct hearing. An advisor of the accused student’s choice may be present during the conference. If after notice an accused student does not attend a scheduled conference, the Director of Student Conduct or designee may postpone the conference, or review the information available and make a decision on responsibility including assigning any sanctions to the student if appropriate.

D. Informal hearing. If the accused student selects an informal hearing to address any charges, the hearing administrator conducting the conference will immediately conduct the informal hearing. The accused student’s advisor may remain present for the informal hearing, but may not represent the student or address the hearing administrator. The advisor’s role is limited to providing support to the student by observing or advising the student outside of the proceeding. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in graduate student conduct proceedings. The hearing administrator may temporarily adjourn the informal hearing if he or she determines that further review or clarification is necessary including, but not limited to interviewing the complaining party and/or other witnesses.

1. Joint hearing. In cases involving more than one accused student (graduate or undergraduate), the administrator or Graduate Hearing Panel may permit the hearing concerning each student to be conducted either separately or jointly.

2. Information. The informal hearing provides an opportunity for the accused student to be heard and to provide information such as written witness statements. The student may accept or deny responsibility for any charges.

3. Decision. The hearing administrator will determine whether the student is responsible for any charges. The hearing administrator’s determination shall be made on the basis of whether it is more likely than not that the accused student violated the Graduate Student Conduct Code. If the student is found not responsible for any charges, the process is concluded. If the student is found responsible for any charges, the hearing administrator will then assign any appropriate sanctions.

4. Appeal. The accused student may appeal the decision and/or sanctions issued by the hearing administrator in writing to the Director of Student Conduct or designated administrator who has not been previously involved in the accused student’s conduct process. (Please see Section F.)
E. **Formal hearing.** If the accused student selects a formal hearing, then he or she may choose either an administrative or a Graduate Hearing Panel hearing. Formal rules of process, procedure and/or technical rules of evidence such as are applied in criminal or civil court, are not used in graduate student conduct proceedings.

1. **Administrative hearing.** An administrative hearing is conducted by the Director of Student Conduct or a designee who has not been previously involved in the accused graduate student’s conduct process. The administrator will hear information presented by any parties and render a decision and sanctions if appropriate. A student may appeal the decision of the administrator to the Vice President for Student Affairs.

2. **Graduate Hearing Panel hearing.** The Graduate Hearing Panel is comprised of five members, including a graduate faculty member serving as chair. The Graduate Hearing Panel members include the faculty chair, two faculty or staff voting members, and two graduate student voting members. Faculty members must have either taught a graduate course or served as a coordinator of a graduate program in the last academic year. Staff members must work in an office or department that serves graduate students. The Graduate Hearing Panel will determine by majority vote whether the accused student has violated any charges issued. The faculty chair will only vote in the case of a tie. There must be an equal number of faculty/staff and student voting members. The Director of Student Conduct administers and attends the hearing but neither votes nor participates in deliberations. The Director of Student Conduct may answer questions regarding procedural standards, policy, or sanctioning practices. The Graduate Hearing Panel will hear information presented by all parties and render a decision and any sanctions. A student may appeal the Graduate Hearing Panel’s decision to the Vice President for Student Affairs.

3. **Formal hearing guidelines.** Administrative and Graduate Hearing Panel hearings shall be conducted according to the following guidelines.

   a. **Private hearing.** A hearing is conducted in private. The person bringing the complaint, the accused student and advisor(s) are allowed to attend the entire portion of the Graduate Hearing Panel or administrative hearing at which information is received (this excludes deliberations). Admission of any other person to the hearing shall be at the discretion of the faculty chair of the Graduate Hearing Panel or administrator hearing the case.

   b. **Joint hearing.** In cases involving more than one accused student, the administrator or faculty chair of the Graduate Hearing Panel may permit the hearing concerning each student to be conducted either separately or jointly.

   c. **Advisors.** The person bringing the complaint and the accused student may be assisted by an advisor of their choice, at their expense. Graduate students must notify the Director of Student Conduct who they have designated as their advisor five business days prior to the scheduled hearing. A representative from the College’s Office of the General Counsel may also be present at the hearing. Graduate students are responsible for presenting their own information, and therefore advisors are not permitted to speak or to participate directly in any hearings. A student should select as an advisor a person whose schedule allows...
attendance at the scheduled date and time for the hearing as delays will not normally be allowed due to the scheduling conflicts of an advisor.

d. Questions. The person bringing the complaint, the accused student and the Graduate Hearing Panel or administrator may arrange for witnesses to present pertinent information. The parties may suggest questions to be answered by one another and/or one another’s witnesses, but the questions must be directed to the faculty chair or the administrator rather than to the other party or witness directly. The faculty chair or the administrator will determine whether questions or potential information is appropriate at his or her discretion.

e. Additional information. Relevant records, exhibits, and written statements (including student impact statements) may be accepted as information for consideration by the Graduate Hearing Panel or administrator at the discretion of the faculty chair or administrator.

f. Decline to provide information. The accused student has the right to decline to provide information, answer questions posed in a hearing, or provide any information on his or her behalf. However, the hearing board or administrator may draw an adverse inference from the student’s refusal to answer questions.

g. Procedural questions. All procedural questions are subject to the final decision of the faculty chair or administrator.

h. Majority vote and quorum. The Graduate Hearing Panel will determine by majority vote whether the accused student has violated the policy as charged. For any Graduate Hearing Panel hearing, a quorum of one graduate student and one faculty or staff member in addition to the faculty chair is required. The faculty chair will only vote in the case of a tie. Quorum is not required for an administrative hearing as the decision is made by the administrator alone.

i. Basis for decision. The Graduate Hearing Panel or administrator’s determination shall be made on the basis of whether it is \textit{more likely than not} that the accused student violated the \textit{Graduate Student Conduct Code}. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in graduate student conduct proceedings.

j. Hearing recorded. There will be a single verbatim record, such as a tape or digital recording of all hearings with the exception of administrative sanction hearings and conferences. Deliberations will not be recorded. The record will be the property of the College.

k. Decision in absentia. If an accused student, with notice, does not appear for a hearing, the Graduate Hearing Panel or administrator may postpone the hearing or hear the information in support of the charges in the accused student’s absence and will make a decision on the available information.

l. Special accommodation. The Graduate Hearing Panel or administrator may accommodate persons with concerns for the personal safety, well-being, and/or fears of confrontation during the hearing by providing separate facilities or physical dividers, and/or by permitting participation by telephone, videophone/conferencing, videotape, audio tape, written statement, or other viable means as determined by the Director of Student Conduct to be appropriate.
m. **Disability support accommodation.** The Graduate Hearing Panel or administrator will provide any reasonable accommodation for hearing participants who have a disability and are registered with, or notify Disability Support Services and the Office of the Dean of Students in a timely manner.

F. **Appeal Procedures.**

1. **Accused graduate student appeal.** An accused student is afforded one single opportunity to appeal decisions and/or any sanctions issued by a hearing administrator or Graduate Hearing Panel within five business days of the date of written notification of the decision and/or relevant sanctions. The decision of the administrator reviewing the submitted appeal is final and conclusive.

2. **Graduate student complainant appeal.** A student who filed a complaint resulting in a student being charged with a violation under *Personal Abuse* (see Section D.3. under *Violations of Expectations for Student Conduct*) is afforded one single opportunity to appeal decisions and/or any sanctions issued by a hearing administrator or Graduate Hearing Panel within five business days of the date of written notification of the decision and/or relevant sanctions. The decision of the administrator reviewing the submitted appeal is final and conclusive.

3. **Required format.** All appeals must be in writing, and include any supporting documentation that the student wishes to be considered. Deference is given to the original hearing administrator or Graduate Hearing Panel’s findings of fact and decision of responsibility and/or any sanctions, therefore the burden of proof is on the student filing an appeal to sufficiently demonstrate cause to alter procedures, the original decision or any sanctions. An appeal will generally be limited to a review of the verbatim record of the hearing and supporting documents for one or more of the purposes below, provided however the administrator may request additional information or clarification from the accused student, complaining party, and/or witnesses for purposes of this review.

   a. **Process review.** To determine whether the hearing was conducted in accordance with published procedures, and without bias on the part of the administrator or any Graduate Hearing Panel member. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.

   b. **Information review.** To determine whether there was information presented in the hearing that, if believed by the Graduate Hearing Panel or administrator, was sufficient to establish that a violation of the *Graduate Student Conduct Code* occurred.

   c. **Sanction review.** To determine whether any sanctions imposed were appropriate for the violation of the *Graduate Student Conduct Code* which the student was found to have committed.

   d. **New information.** To consider new information submitted by the appealing student within the five day period, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information was not known to the student appealing at the time of the original hearing.

4. **Appeal decision.** An administrator reviewing an appeal may make one of the following decisions.
a. **Affirm.** The administrator may decide to affirm the decision and/or sanction of the original administrator or Graduate Hearing Panel.

b. **Alter sanction.** The administrator may alter the sanctions issued by the administrator or Graduate Hearing Panel. Alteration in the sanction may include reducing or increasing the sanction or requirements.

c. **New hearing.** The administrator may determine that a new hearing by a different hearing administrator or Graduate Hearing Panel is warranted to correct procedural irregularity or to consider new information. A student may appeal a decision of the new hearing body.

d. **Remand.** The administrator may direct the original hearing administrator or Graduate Hearing Panel to review their original decision subject to any instructions from the administrator; and may affirm that decision or render a new decision consistent with those instructions. A student may appeal a decision made by the original hearing administrator or Graduate Hearing Panel if there are any changes after the review.

G. **End of Academic Year and Geographically Remote Cases.** The following process will apply when incidents occur over the summer and/or incidents that are reported against a student who does not participate in graduate courses on the property of the College or incidents that are reported near the end of the spring semester and are unable to be heard before the last week of classes in accordance with the graduate student conduct process.

1. **Administrative Action.** If a student accepts responsibility for any charges, the administrator or Graduate Hearing Panel may consider any aggravating or mitigating factors, prior conduct record, past decisions made in similar conduct incidents, written character witness statements, and/or written personal statements from the accused student and issue appropriate sanctions. The sanctions may be appealed in writing to the Vice President for Student Affairs. (Please see Section F. Appeals for more information.)

2. **Administrative or Graduate Hearing Panel review.** If a student denies responsibility for any charges, the accused student will be asked to submit a statement in writing regarding the incident that may include statements by any witnesses by a prescribed date. The Graduate Hearing Panel or administrator will consider this statement in conjunction with the complaint. For incidents where a finding of responsibility may result in suspension or expulsion, the Graduate Hearing Panel will review the information. The accused student will be notified of the decision via electronic communication. If the accused student wishes to appeal the decision of this panel, they must do so within five business days of notification of the decision to the Vice President for Student Affairs.

3. **Administrative or Graduate Hearing Panel hearing.** Upon mutual consent by the accused student and the Office of the Dean of Students, a hearing with the accused student or witness(es) present may occur. All such hearings will take place on the property of the College, and the accused student is financially responsible for any travel costs incurred to attend the hearing. In addition, participation in a hearing by means of technology such as video, telephone, Internet chat may also occur with mutual consent of the accused student and the Office of the Dean of Students.

H. **Sanctioning Practices.** The following sanctions, alone or in any combination, may be imposed upon any student found to have violated the Graduate Student Conduct Code.
See also Appendix E of the Graduate Student Conduct Code for specific sanctioning procedures for selected violations.

1. **Warning.** A notice in writing to the student that the student is violating or has violated institutional regulations and that further violations may result in more severe disciplinary action.

2. **Loss of privilege.** Denial of any specified privilege for a designated period of time.

3. **Restitution.** Compensation for loss, damage, or injury to College property. This may take the form of appropriate service and/or monetary or material replacement.

4. **Discretionary sanctions.** Work assignments, essays, presentations, research projects, conduct contracts, service to the College, or other discretionary assignments.

5. **Pending suspension.** This status serves as the disciplinary probation status assigned to a student for a specified period of time before he or she is suspended from the College. While on this status, any further violations of College policy may result in suspension from the College. In addition, this status constitutes a disciplinary record that will remain on file with the Office of the Dean of Students for five years after a student separates from the College.

6. **Suspension.** Termination of registration as a student from the College after a specific date and for a specified time. Through the duration of the suspension, the student may be restricted from College property and may be required to provide prior notice and receive approval from the Dean of Students for the purpose of conducting College business. Before a student may be readmitted to the College after the designated period of time, he or she must meet with the Dean of Students to show satisfactory completion of any assigned directives or to discuss stipulated conditions for his or her return. In addition, this status constitutes a disciplinary record that will remain on file with the Office of the Dean of Students indefinitely. Should a student wish to return to the College after the suspension period, he or she must comply with any academic standards and procedures then in effect.

7. **Interim suspension.** Immediate separation of a student from the College by the Dean of Students pending a hearing. Through the duration of the interim suspension, the student may be restricted from College property and may be required to provide prior notice and receive approval from the Director of Student Conduct for the purpose of conducting College business. Interim suspension will be imposed only in exceptional circumstances to ensure the health, safety or welfare of members of the College or College property or to ensure the student’s own physical or emotional safety and welfare. Students who have been suspended on an interim basis must have a hearing within a practical period of the interim suspension.

8. **Expulsion.** Permanent dismissal from the College and restriction from College property. In addition, this status constitutes a disciplinary record that will remain on file with the Office of the Dean of Students indefinitely. Expulsion is the most serious disciplinary action taken by the College and is generally reserved for only those cases of behavioral misconduct in which all the relevant facts and aggravating circumstances support a conclusion that the only reasonable sanction is permanent removal from the College.
I. **Disciplinary Record Keeping Practice.** The Office of the Dean of Students will maintain the disciplinary records of students.

1. **File maintenance.** A student who is charged with a violation of the *Graduate Student Conduct Code* has a file created and maintained by the Office of the Dean of Students. Files are maintained for five years after the date the student separates from the College. Files of students who have been suspended or expelled are maintained indefinitely.

2. **Confidentiality.** The federal Family Educational Rights and Privacy Act of 1974 (FERPA) protects a student’s education records, including student conduct files, from unauthorized disclosure to third parties. A student must sign a waiver to grant access to his or her disciplinary record before the College will disclose information protected by FERPA contained in the student’s records. These confidentiality requirements apply to students’ parents or guardians with the exception of a health or safety emergency, an alcohol or drug violation, or if the student is financially dependent on the parents or guardians. Federal law makes exceptions in these cases and does allow the College to share disciplinary information with specific persons. In addition, FERPA allows the College to disclose a student’s education record without prior written consent when the disclosure is to a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may include only the final results of the disciplinary proceeding conducted by the institution of postsecondary education with respect to that alleged crime or offense. Furthermore, FERPA permits the College to disclose sanction information to a student or party who has filed a complaint of conduct that is a violation under *Personal Abuse* (see Section D.3. under *Violations of Expectations for Student Conduct*) when any sanction directly relates to the harassed student.

3. **Inspection.** Students may request to inspect or view their disciplinary records in accordance with FERPA. To do so, a student should make an appointment with the Office of the Dean of Students. Records are not immediately available because they must first be reviewed for confidential information regarding other students, and thus may need to be redacted. Upon request, the Office of the Dean of Students will provide students with copies of redacted incident reports, letters, and any forms or receipts in the student’s file.

4. **Reporting.** If a student has given the proper permission for the College to share disciplinary information to a third party, it is the practice of the College to only disclose a disciplinary file if a student has ever been placed on a probationary status, has been removed from housing, or has been suspended or expelled from the College. The College retains discretion to release additional information contained in a student’s disciplinary file if a third party requires disclosure of further information, or if a student separates from the College with any pending student conduct matters.

5. **Petition for administrative deletion.** Disciplinary records may be administratively deleted upon approval by the Dean of Students. When a record is administratively deleted, the information it contains is no longer part of an official disciplinary record. The College is required by law and College policy to retain for statistical purposes information regarding certain types of disciplinary violations. Statistical information from deleted files may be retained with the student’s name and student identification number removed. Administrative deletion only affects information maintained by the
Office of the Dean of Students. Copies of letters distributed to other College
departments, incident reports, police reports, and the results of previous
background checks reported outside of the Office of the Dean of Students are
not affected by an administrative deletion. Petitions for an administrative
deletion may be made no sooner than one year after the date of the student’s
last finding of responsibility from the graduate student conduct process and
must be submitted in writing to the Dean of Students. Administrative deletion
may not be granted for conduct that resulted in suspension or expulsion from
the College and may also be denied for conduct that posed a threat to a
member of the College community or serious damage to College property.

J. Violation of Law and Graduate Student Conduct Code. College student conduct
proceedings may be instituted against a student charged with conduct that
potentially violates both the criminal law and College policy without regard to the
pendency of civil or criminal litigation in court or criminal arrest and prosecution.
Proceedings under these procedural standards may be carried out prior to, simultaneously
with, or following civil or criminal proceedings off campus at the discretion of the Dean
of Students. Prior determinations made or sanctions imposed under these procedural
standards will not be subject to change because criminal charges arising out of the same
facts giving rise to violation of College rules are later dismissed, reduced, or resolved in
favor of or against the criminal law defendant.

K. Leave of Absence or Withdrawal.
1. Individuals who withdraw or take a leave of absence from the College while
a conduct matter or sanction is pending will have a registration hold placed
on their student account(s) and will be notified of the pending matter and
registration hold.

2. If documentation of a complaint or incident is brought to the attention of the
Dean of Students after an individual separates from the College, but includes
conduct that allegedly occurred while an individual was a student,
the College retains discretion to assign charges, ban the former student from
campus, and/or place a registration hold on the former student’s account
pending adjudication.

3. The College retains discretion to determine when there is enough information
available or it is necessary to adjudicate charges for formerly enrolled
students. An individual may contact his or her graduate school to request
arrangements to adjudicate or dispose of the matter before the registration
hold will be released.

July 9, 2013
I. GOVERNING AUTHORITY
This Investment Policy Statement (the “Policy”) for the College of New Jersey (the “College”) governs the investment of the College’s funds. This Policy shall be subject to review and/or modification by the Board of Trustees (the “Board”) on an annual basis.

The Higher Education Restructuring Act of 1994 grants the Board with oversight authority for the investment and reinvestment of the College’s funds. The Board has authorized the Finance and Investment Committee to formalize investment guidelines and provide oversight of investment and approve investment managers.

The Finance and Investment Committee designates the Treasurer of the College, and other independent investment advisors which the Finance and Investment Committee has delegated such authority, to invest the College’s funds within the guidelines set forth in this Policy.

II. SCOPE
This Policy applies to all financial assets of the College for which the College retains direct or indirect daily control. Funds for which the College has retained outside investment management services shall also be governed by this Policy. Currently, this Policy applies to the following funds:

1) Working Capital
   o This segment is utilized for working capital expenditures with requirements of preservation of principal and liquidity on demand. These funds are needed on a day-to-day basis, and shall be invested to provide daily liquidity.
     - This segment shall make up approximately 10-30% of the College’s funds with a target of 20%.

2) Contingency Cash
   o The contingency cash segment requires preservation of principal, and withdrawals are forecasted over a longer period of six months to a year. This segment serves as a supplement to working capital, and is highly liquid in case it is necessary to utilize the funds for operating activities.
     - This segment shall make up approximately 25-45% of the College’s funds with a target of 35%.

3) Core Cash
   o The core cash segment also requires preservation of principal, but these assets are not likely to be needed within the next one to ten (1-10) years. This segment serves as a base to invest in funds with higher returns over a longer period of time.
This segment shall make up approximately 30-65% of the College’s funds with a target of 45%.

III. GENERAL OBJECTIVES
The College’s three primary investment objectives, in order of priority and importance, are:

1) Safety: preservation of principal is the foremost objective;
2) Liquidity: investments shall be made for such periods, and in such investments, as to meet all liquidity needs of the College; and
3) Return on investment: within the constraints listed above, the Treasurer or its investment advisor(s) should invest funds in a manner that maximizes investment return, on a time weighted basis.

IV. STANDARDS OF CARE
1) Prudence: the standard of prudence to be used shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officials acting in accordance with written procedures and this Policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this Policy.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

2) Ethics and Conflicts of Interest: officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial or investment positions that could be related to the performance of the College’s funds. Officers and employees shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the College.

V. AUTHORIZED FINANCIAL INSTITUTIONS
All broker/dealers that desire to become qualified for investment transactions with the College shall meet the following:

1) Primary dealers and regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule);
2) Capital of at least $25,000,000 or capital of $5,000,000 for firms incorporated in the State of New Jersey;
3) Registered as a dealer under the Securities Exchange Act of 1934;
4) Member of the Financial Industry Regulatory Authority (FINRA);
5) Registered to sell securities in the State of New Jersey; and
6) Engaged in the business of effecting transactions in authorized investments of the Policy for at least five (5) consecutive years.

To the extent the College utilizes the services of an outside investment advisor, it shall be the responsibility of said investment advisor to maintain an approved list of brokers.

VI. SAFEKEEPING AND CUSTODY
To ensure that securities are deposited in an eligible financial institution prior to the release of funds, all trades of marketable securities will be executed by delivery vs. payment ("DVP").

Further, all securities will be held by an independent third-party custodian, in the name of the College, and evidenced by safekeeping receipts in the College's name. The custodian shall provide the Treasurer of the College along with its independent investment advisor(s) daily confirmation of held securities as well as a monthly transactions and holdings report.

VII. AUTHORIZED INVESTMENTS
The College's funds shall only be invested in the types of securities listed below. Unless stated below, the maximum stated maturity of any fixed income security shall be limited to 10 years from time of purchase. For federal agency and U.S. Government mortgage backed securities, the maximum maturity shall be defined as the weighted average life ("WAL"). WAL is a convention that estimates the expected weighted amount of time, in years, for the principal amount of an issue to be fully paid. For this sector, WAL shall be limited to 10 years from time of purchase, measured at the original purchase date, provided by Bloomberg Financial Markets. All sector and issuer limits in this Policy shall be based on book value (amortized cost) at time of purchase. All ratings requirements shall be based on ratings at time of purchase.

Every effort shall be made, to the extent practical, prudent and appropriate, to select commingled funds and/or mutual funds that have investment objectives and policies that are consistent with the Policy. However, given the nature of commingled funds and mutual funds, it is recognized that there may be deviations between the Policy and the objectives of these pooled vehicles. A commingled fund or mutual fund will not be included in the College's portfolio unless it complies with the Investment Company Act of 1940's diversification requirement.

1) Equities (Permitted for use only in Core Cash Portfolio)
   - Pooled equity vehicles shall comply with the diversification rules outlined in the Investment Company Act of 1940. No more than 5% of the total stock portfolio valued at market may be invested in the common stock of any one corporation. Ownership of the shares of one company shall not exceed 2% of those outstanding. *Not more than 25% of stock valued at market may be held in any one industry category. Other than these constraints, there are no quantitative guidelines suggested as to issues, industry or individual security diversification. However, prudent diversification standards should be developed and maintained by the investment manager(s).
   - The overall non-U.S. equity allocation should include a diverse global mix that is comprised of the stocks of companies from multiple regions and sectors. The
emerging markets exposure as defined by Morgan Stanley Capital International Inc. ("MSCI") should be limited to 35% of the non-U.S. portion of the portfolio.

- To maintain an effective money management structure that is diversified, the target allocation to growth stocks and value stocks should be closely even with a one-to-one ratio target. In no case should the allocation to growth stocks be twice as much as the allocation to value stocks and vice versa."

2) Real Estate Assets (Permitted for use only in Core Cash Portfolio)
- Real estate assets will be held in pooled vehicles, primarily holding Real Estate Investment Trusts ("REITs") and servicing companies

3) Inflation Hedge (Permitted for use only in Core Cash Portfolio)
- Inflation hedging assets will include pooled vehicles holding among other assets: Treasury Inflation Protected Securities ("TIPS"), and the equity of companies in businesses thought to hedge inflation.

4) Fixed Income Securities, in the form of mutual funds and individual securities of the following sectors
- United States Government Securities
  - Marketable securities issued by the U.S. Government and supported by the full faith and credit of the U. S. Treasury either by statute or an opinion of the attorney general of the United States.

Long-term Investment Objectives
The primary investment objectives of the portfolio represent a long-term goal of maximizing the returns without exposure to undue risk, as defined herein. It is understood that fluctuating rates of return are characteristic of the securities markets. The primary concern should be long-term appreciation of the assets and consistency of total return on the portfolio. Recognizing that short-term market fluctuations may cause variations in the account performance, the portfolio is expected to achieve the following objectives over a full market cycle:

- Over a rolling five year period, the performance objective for the Core Cash fund will be to achieve an average total annual rate of return that is commensurate with the then prevailing investment environment. Measurement of this return expectation will be judged by reviewing returns in the context of industry.
standard benchmarks, peer universe comparisons for similar portfolios, and blended benchmark comparisons for the College in its entirety.

**Rebalancing Philosophy**

Asset allocations established by the Policy represents a long-term perspective. Rapid and unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside of the Policy allocation ranges. When these divergences occur, the Treasurer or its investment advisor(s) shall rebalance the asset mix to its appropriate ranges and targets. Similarly, if the cash requirement to handle liquidity needs falls to a level where near-term distributions cannot be met and no contributions are anticipated, the Treasurer or its investment advisor(s) will rebalance the fund to its appropriate ranges and targets.

When new proceeds are added, the Treasurer or its investment advisor(s) will review the current allocation and fill the liquidity allocation first and the remaining investment allocations thereafter. Portfolio allocations shall be rebalanced and reviewed on at least an annual basis.

**X. INTERNAL CONTROLS**

The Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the College are protected from loss, theft, or misuse. The Treasurer shall also establish a process for an annual independent review by an external auditor to assure compliance with policies and procedures and the accuracy of the investment valuation. The internal controls shall address the following:

- Control of collusion
- Separation of transaction authority from accounting and recordkeeping
- Custodial safekeeping
- Prohibition of physical delivery securities
- Clear, written delegation of authority to subordinate staff members
- Written confirmation of transactions for investments and wire transfers

**XI. PERFORMANCE STANDARDS**

On a quarterly basis, the Treasurer shall compare the College’s portfolio results with selected publicly available performance indices, in terms of time-weighted total return and average duration for the period under review.

The Finance and Investment Committee will meet at least annually with the Investment Advisor to review compliance with established guidelines and performance results. Benchmarks for manager performance review are as follows:

XII. MANAGEMENT REPORTING
The Treasurer will provide reports on the performance of the investment portfolio to the Finance and Investment Committee at their regularly scheduled meetings. The Finance and Investment Committee will report investment performance to the board of Trustees annually.

XIII. POLICY CONSIDERATIONS
If securities owned by the College are downgraded by either Standard & Poor’s or Moody’s to a level below the quality required by this Policy, it shall be the policy of the College to review the credit situation in consultation with the investment advisor and make a determination as to whether to sell or retain such securities in the portfolio.

If a security is downgraded two grades below the level required by the Policy, the security shall be sold immediately.

If a security is downgraded one grade below the level required by this Policy and matures within 6 months, the security may be held to maturity. The Treasurer may order the security to be sold if it is determined that there is a probability of default prior to maturity.

If a decision is made to retain a downgraded security in the portfolio, its presence in the portfolio will be monitored and reported monthly to the Finance and Investment Committee by Treasurer.

XIV. PROXY VOTING
Investment manager(s) are expected to be aware of corporate provisions that may adversely affect stockholdings, including but not limited to “golden parachutes,” “super majorities,” “poison pills,” “fair price” provisions, staggered boards of directors, and other tactics. Proxies should be voted with the interest of preserving or enhancing the security’s value.

The investment manager(s) of a commingled fund or mutual fund that holds the assets of the College along with assets of other funds with conflicting proxy voting policies must reconcile the conflicting policies to the extent possible, and, if necessary, to the extent legally permissible, vote the proxies to reflect the policies in proportion to each fund’s interest in the pooled fund.

XV. EXCEPTIONS TO THE POLICY
Exceptions to this Investment Policy are prohibited without the prior approval of the Board of Trustees.
