Resolution Concerning Implementation of Increase In Compensation For The President of The College of New Jersey

Whereas: The College of New Jersey Board of Trustees is authorized under the provisions of N.J.S.A. 18A:64-6 to “appoint and fix the compensation of a president of the college, who shall be the executive officer of the college”; and

Whereas: The President's salary has remained unchanged since her last increase effective July 1, 2012; and

Whereas: In October of 2013 The College of New Jersey Board of Trustees conducted a fully satisfactory annual performance evaluation of the President. Specifically, throughout the past year, President Gitenstein was instrumental in the successful effort to secure bond funding from the state for needed academic capital projects, utilized the public-private partnership legislation to begin the construction process of campus town, and has realized the College's second best year in fundraising; and

Whereas: Each of the accomplishments outlined above highlight the extraordinary impact the president has made on the student experience at The College of New Jersey; and

Whereas: The Board recognizes this exceptional service and considers the current market to ensure that her compensation is consistent with the top third of her peers in the state.

Therefore, Be It
Resolved: That The College of New Jersey Board of Trustees, authorizes a 3.172 percent increase for the president effective July 1, 2013 and authorizes a one-time bonus of 3.172 percent.

WHEREAS: By a Resolution duly adopted on February 26, 2013 (the “STEM Building Resolution”), the Board of Trustees (the “Board”) of The College of New Jersey (the “College”) approved the undertaking, implementation and financing of the demolition of an existing academic building (Holman Hall), site clearance and site work, utilities upgrades and construction of a new three story, approximately 76,000 square foot STEM facility the “New STEM Building” to house the School of Engineering, the School of Science and the School of Nursing, Health and Exercise Science paid and/or financed through all sources in an amount not to exceed $70 million (including financing costs) (the “the New STEM Building Project”); and

WHEREAS: The STEM Building Resolution authorized officers of the College to apply to the New Jersey Secretary of Higher Education (the “Secretary”) for grants pursuant to the Building Our Future Bond Act, P.L. 2012, c.41 (the “GO Bond Act”) and the Higher Education Technology Infrastructure Fund Act, N.J.S.A.18A:72A-59 et seq., ("HETI") for the New STEM Building Project and to finance the additional costs of the New STEM Building Project, in excess of the anticipated GO Bond Act and HETI grants, through tax-exempt bonds issued by the New Jersey Educational Facilities Authority (the “Authority”); and

WHEREAS: The Armstrong Hall Renovation is an integral and essential part of the successful transition to and completion and utilization of the New STEM Building and the College has determined that it is in its best interest to increase the dollar amount of tax-exempt bonds issued by the Authority to finance the entire amount of the Armstrong Hall Renovation; and

WHEREAS: The Board has determined that it is advisable to ratify and confirm the actions authorized and approved in the STEM Building Resolution and the Armstrong Hall Resolution, including the financing of a portion of the costs of the New STEM Building Project as anticipated, and to clarify that due to the denial of the HEFT grant for the Armstrong Hall Renovation, it is necessary to borrow funds to finance all of the costs of the Armstrong Hall Renovation; and
